# Welcome

This menu has been created as a guide to assist you in planning sustainable events.

**Our goal is two-fold: we are committed to protecting the earth's natural resources, while catering to your guests with excellent service, delicious menus and a memorable contemporary look.**

Some basic sustainability principles to keep in mind:

- We prefer to use china or compostable disposables whenever possible. These present the most renewable, earth-friendly serving options.
- Our event will feature stunning displays with limited use of linen. This helps to conserve our natural resources in energy and water conservation as well as better manage waste.
- We purchase fresh, local foods using our area distributors when possible in order to minimize our carbon footprint.
- Many of the items featured in this guide are Fair Trade Certified, sustainably grown and organic
- Due to the seasonal nature of many items grown in the area, some of our menus may not be available throughout the entire year.

Please use this information as a resource guide while you are planning. As always, we stand ready to work with you as we customize each event to your specific needs.

***We look forward to sustainably serving you soon!***

**PLANit: The Future is in Our Hands** is Sodexo, Inc.'s program for environmental sustainability. As a company, we are committed to conserving the earth's resources so that the food, health and energy needs of today's customers are met. By greening our catering events on campus, we can make a difference in GW's future.

### **Seafood Watch**

Here at GW we subscribe to the Monterey Bay Seafood Watch which supports sustainable seafood. We purchase sustainable fish and other seafood using the Seafood Watch guidelines whenever possible.

### **Fair Trade Certified**

TransFair USA is the only independent, third-party certifier of Fair Trade products in the United States. It works with importers and manufacturers in this country to document business practices, providing a reliable customer guarantee that indicates which coffees, teas and chocolates have been purchased from producers according to international Fair Trade criteria. We proudly subscribe and provide Fair Trade Certified products for catered events based on our customer's requirements.

### **Food Alliance**

We partner with the Food Alliance as a commitment to social responsibility. We subscribe to sustainable agriculture by recognizing and utilizing farmers who produce food in environmentally and socially responsible ways.

### **USDA Organic**

The government stamp "USDA Organic" certifies an item was grown, raised or produced without antibiotics, steroids, chemical fertilizers or hormones. We provide our customers with certified organic foods throughout this catering guide.
